Calls Them to Time on the Smoot Case and Offers \$2,000 for Proof of Statements.

WERE MALICIOUS FALSEHOODS.

What the Slanderers Have Done for Utah in Their Campaign of Misrepresentation.

The following from the current issue of Truth is not only timely but interesting:

Editor Truth:

I had supposed that after the evidence was all in on the Smoot investigation that the preachers would "let up a little" on their campaign of slander, but when slander is second nature to an individual it will crop out at all seasons of the year. The Gentile bureau of information which recently distributed its defamatory circulars through Salt Lake to keep them from visiting this city and state, and to serve away settlers and capitalists, and the recent speeches of Brother S. E. Wishard in the eastern states show that these Utah knockers are still at work injuring friends and foes alike. In January this year, I visited many of the middle and eastern states to convince settlers and capitalists to come to Utah. In February Brother Wishard also visited many of those states and sowed tares among the good people. I had planned, however, to come here to Utah was a very bad state, that was blighted by "Mormons," who were trying to overthrow our government, etc. Brother Wishard did not say that. He said that the people of Utah were a very bad state, that was blighted by "Mormons," who were trying to overthrow our government, etc. Brother Wishard did not say that. He said that the people of Utah were a very bad state, that was blighted by "Mormons," who were trying to overthrow our government, etc.

Brother Wishard, you have been caught in the trap you set for Senator Smoot. You have put your own finger in the pie. You said in an interview in the Washington, D. C. Star, that Senator Smoot protected criminals, because he did not expose and prosecute the polygamists in his (the "Mormon") Church. Brother Wishard, you published in the Herald and Presbyter that you had taken names of thirty men, who had taken plural wives since the manifesto, you were repeatedly asked for a list of their names, so that those thirty criminals could be arrested and brought to justice, but you saw fit to protect them by withholding their names. Brother Wishard, if you really did catalogue the thirty names, why don't you publish them to the world, instead of protecting them? Now, Brother Wishard, I am about to publish a few thousand pamphlets to distribute in the east, where you and a few others like you have been spreading those slanders on Utah, and before I publish I am going to give you and others a chance to defend yourselves. I am not going to secretly send them, as the Ministerial association did many of their circulars. The following is a part of what they will contain.

You published in the Herald and Presbyter on Nov. 11, 1903, that you had recently catalogued the names of thirty who had taken plural wives since Sept. 30, 1890. You also said in the same paper on Dec. 9, 1903, that all "Mormon" women were subjugated and made to accept polygamy. You also said in the same paper of Nov. 15, 1903, that Apostle Reed Smoot belonged to a Priesthood that murdered apostates to save their souls. Now, Brother Wishard, if you can show by any reasonable proof that your above statements are not gross falsehoods, I will donate \$500 to any cause of charity you may designate. Here is an opportunity to raise a little money and let the people know that the superintendent of Presbyterian missions of Utah and Idaho is not bearing false witness. You also spoke in your article in the Herald of darkest Utah, conveying the idea that Utah is heathenish on a par with darkest Africa. You knew the above was false. Let me refer you to the records of their worst census. You will find in that that Utah stands above the average of the other states in education, morality and everything that goes to make a bright

DRUGS & FRANKEN DRUGGISTS, South East corner Main and 3rd Streets, Salt Lake City, Utah.

state and not a dark one. Space will not permit me to speak of more of your slanderous statements and the way you are knocking Utah.

A word to the Rev. Geo. Bailey, president of the Westminster college, Salt Lake: You tried to injure Utah by telling the people of Brooklyn, N. Y., that she had sent a traitor to the United States senate. You said as published in the Salt Lake Herald of Nov. 18, 1903, "that Senator Smoot had sworn that he would do all in his power to overthrow this government of ours, and that he was guilty of treason or worse." Now, Mr. Bailey, if you can show that your above statements are not awful lies, I will donate \$500 to the Westminster college, of which you are president.

Rev. J. Duncan McMillan, ex-missionary of Utah and now a Presbyterian preacher in New York. You said, as published in the New York World, that Senator Smoot was a polygamist and that you knew what you were talking about. Now, Mr. McMillan, if you can make good the above statement, with some proof, I will donate \$500 to the First Presbyterian church of Salt Lake City.

To the W. C. T. U.: Your official lecturer, Maria Wood, stated at Cincinnati, Ohio, and published in the daily papers in the campaign against Utah and to get signatures on a petition against Senator Smoot, that Senator Smoot was a polygamist. Now, if you can show that your two official lecturers were not telling gross falsehoods and were not injuring and slandering Utah, I will donate to the W. C. T. U. of Salt Lake City \$500.

And now a word to Dr. Padon: You and the Rev. John L. Leileich and E. B. Critchlow were the instigators of the Smoot protest—which started the greatest campaign of slander this country ever saw. You knew the company you were in when you received John L. Leileich into your office to help you on the protest. You knew that the Rev. John L. Leileich was a thoroughly bad man. You knew he would say or do anything to injure Utah. You knew of his falsehoods and his general bad repute was published in the Salt Lake Herald on Jan. 19, 1902; in Truth, Aug. 30, 1902, and in nearly every copy of the Utah Methodist during the winter of 1902-3. You know while he was in your office that he wanted to accuse Mr. Smoot of polygamy in your protest, which he signed. You also knew that he had grounds for such a claim, but you had a better use for him. You sent the protest headed by you by registered mail. Then the Ministerial association, of which you and the Rev. John L. Leileich were members, were the committee, (and it appears that Dr. Brown would not act with you.) sent John L. Leileich to Washington, D. C. What for? If it was not to file the Leileich protest against Senator Smoot of polygamy? You knew what was on John L. Leileich's mind. If you were honest, why did you not protest against his going to Washington as a representative of the Ministerial association? On Feb. 25, 1903, one month

Deseret News Stories

FROM THE FILES OF 1860.

Of More Than 40 Years Ago.

The Expedition After Indians.—Notwithstanding the general opinion of Capt. Lot Smith as a cautious officer and a brave man, a feeling of intense anxiety was creeping over the community for his safety and that of the volunteers under his command, ever since the tidings of his expedition northward was learned from the lips of those who had to return from inability to continue the pursuit. It was, therefore, with sincere gratification and thankfulness that we heard of the arrival of a messenger to Gov. Young on Friday night, reporting the safety of the command, and their return to the valley that evening, and since we have listened to the narrative of the pursuit, the labor performed and the privation endured, we feel the more grateful to our heavenly Father for the preservation of the lives of our mountain boys.

Up to the present time we have not seen Capt. Smith, and know nothing of the report he may have made to the general; but we presume it will not be deemed intrusive on our part to furnish our readers a sketch of the expedition that has caused so much interest, such as we have gleaned from several of the parties who have returned to the city.

From a number of circumstances there has been some speculation that much of the depredations that had been committed on the Eastern mail route, by others than whites, was done by the northern Indians, or a roving portion of renegades from that quarter, but still the aggression was about to notice, the evidence was anything but conclusive against them; now, there seems to be but little room for doubting their being a roving band of thieving desperadoes, that need close watching and proper attention.

From the information we have gathered, it appears that a band of Indians visited the ranch of "Jack" Robinson, one of the oldest mountaineers of the western range, about six miles from Bridger, on the night of the 6th of July, and ran off upwards of 200 head of horses and mules, of which number 30 returned in the morning. Capt. Smith, being in the vicinity of Bridger, was notified next day of the theft, and in an hour and a half from the first sounding of the bugle, gathering in the scattered volunteers, 62 men were in the saddle, with provisions for a few days, on 12 pack animals. The following is the list of the names of the expedition:

Captain Lot Smith; Lieutenants, Joseph Rollins, J. Q. Knowlton; wagon master, Sol Hale; sergeants, S. H. W. Riter, Howard Spencer; Corporals B. S. Young, W. Bringham, N. Myrick, A. Bigler, H. B. Clemmons; privates, Joseph Goddard, L. A. Huffaker, James Sharp, Thomas Caldwell, Theodore Calkins, John Cahoon, Mark Murphy, Joseph Fisher, A. Randall, Henry Bird, William Longstrech, William Lutz, William Grant, H. Kinniburgh, P. Conroy, A. E. Noble, Isaac Atchison, H. B. Simmons, Donald McNeill, Lewis Osborn, Malin Weller, Joseph Taylor, C. Crimmon, Wm. C. Allen, Joseph Terry, Chas. Burnham, J. A. Smith, A. H. Jones, L. Harward, R. Hereford, J. M. Hixon, M. Rhodes, H. Parks, J. Wells, Lars Jensen, James Carrigan, E. Brown, J. Arrowsmith, P. Cantwell, M. Gibson, John R. Benton, Samuel Benham, J. Larkin, Jas. Green, Jas. Imlay and P. Prince.

after your protest was filed, Mr. Leileich filed his and you were apparently prepared for it, and right here was shown careful, calculating, political trickery, for you immediately wired Senator Burton, and told him the first two protests to be the main issue, that is, that the Leileich protest accusing Senator Smoot of polygamy was of minor importance. What subterfuge for initiators of the above! All the above was published in the papers of the United States, and coming from preachers, the people at large through Senator Smoot was guilty of crime greater than polygamy. John L. Leileich, who helped you, committed perjury.

Your next helper was Mr. E. B. Critchlow, a member of your church. I do not know which is worse, the man who commits perjury or the one who tries to get another to do it. To please a few "Mormon" haters, Angus M. Cannon, Jr., and yet Mr. E. B. Critchlow was instrumental in procuring the attendance of Angus M. Cannon, Jr., before the investigating committee with no other view, as I can see, than that Angus M. Cannon would commit perjury the same as John L. Leileich did. Dr. Padon, in your protest against Senator Smoot and in the argument of your council, Mr. Taylor, your chief arrangement of him was that he did not interfere with polygamists, that he did not prosecute those who were living in polygamous cohabitation. According to criminal law, perjury is a much greater crime than polygamous cohabitation. You knew that John L. Leileich committed perjury, and that he was superintendent of the Methodist mission and preaching older than you, and that he was a member and representative of the Ministerial association when he did it, and yet neither you nor any other preacher of your society did arrest, censure or even censure him for his criminal act.

Dr. Padon, a slanderer is just as great a law-breaker as a polygamist cohabitor, but I have never seen where you or any other member have censured Brother Wishard, the Rev. Geo. Bailey, the Rev. McMillan or any other of the Utah-slanderers. It is anything but a credit to us, to issue and distribute pamphlets in the states east of Utah, telling of the band of religious knucklers we have here, but the recent sneers of Brother Wishard in the east and the anti-Utah articles in the Herald and Presbyter, the Assembly Herald, the Methodist Home Mission Monthly, the Christian Advocate, etc., and the sneering older than you, Dr. Padon in the Chicago Tribune and other papers, and the continuous anti-Utah howl by the Rev. Wesley Hill and John L. Leileich in Pennsylvania, Rev. McMillan in New York, the Rev. E. B. Critchlow in New York, Mr. DeVore, Mrs. White and many others compel me to issue these pamphlets for my protection and the welfare of Utah.

ing disappeared with the former evening a setting sun. Traveled eight miles further and killed a small bear, rather poor in flesh, but under such circumstances economy suggested him for two steaks. A splendid mare belonging to Robinson was here found standing in the woods with two knife cuts and a bullet hole in her body. The Indians at this place could not be far in advance of the expedition, but there were not six horses left to travel another day at the rate of pursuit, and being entirely out of provisions, it was concluded that, unless the Indians should take a direction in which the expedition might hope to find means of subsistence, the pursuit would have to be abandoned. Mr. Hereford, who was personally the most interested in the recovery of the stock stolen from Bridger, expressed his entire satisfaction to Capt. Smith and the company that everything had already been done that was possible. The Indians having taken a direct northerly course near the base of the Snake River mountains, to avoid the high waters, the expedition, after eight miles of further travel, abandoned the pursuit entirely.

From Wichita, Kansas.

Mr. Joseph Tack, living at 423 W. 2nd Street, this city, one of the oldest and best known engineers in the State of Kansas, tells an interesting story in which he saved the life of Mary, the beautiful child of section foreman Wade Roy. Mary was sweet company for her mother, and she always ran with smiling and joyful glee to meet her father as he came from work, and her happy disposition banished any cares or worries that he may have had.

For two months little Mary lay at the point of death. The family physician had called in consultation three of the most skilled of his professional brothers. These good doctors did all in their power, with not a spark of improvement in Mary's condition. They lost all hope, and told the mother that her little darling could not live.

The Rescue as Told by the Engineer

A year ago I was troubled so with my stomach I thought I had cancer. One Sunday afternoon I had such pain I could hardly stand it. I was at Wichita, where we had three hours' lay over before going to Salina. I went to Arch McVicar's drug store, and asked for a dose of Bromo Soda. He said that would only help for a few minutes and recommended Kodol Dyspepsia Cure for a permanent cure. I bought a bottle and had immediate relief. I took four bottles and am cured entirely. I have run a locomotive engine for twenty-eight years, twenty-five of that time on passenger, where we only have twenty minutes for meals. That is what ruins railroad men's stomachs; that is why I thought it my duty to tell you about this medicine, so that my brothers could be relieved in case of trouble of this kind.

I have been a B. L. E. for twenty-seven years; run on Mo. P. R. R. twenty years; am known nearly all over Kansas. About a year ago, now, our section foreman, Wade Roy, told me his little girl had cholera infantum, and was given up by three doctors. While I lay at Kiowa I bought a new bottle of Kodol Dyspepsia Cure, and while sitting in the coach I read a testimonial where children had been cured by taking twenty drops when doctors had given them up, so I poured half of my new bottle in the old one, and when I got back to Ruella, I stopped the engine in front of the section house and gave him the bottle and told him to read the circular and use his own judgment, that the medicine had cured me. Next morning he was at Anthony smiling and said the child was better from the first dose. In two weeks she was up and running around, and a more grateful family was never seen. With best wishes I remain,

JOS. TACK, Engineer Mo. P. R. R., 423 W. 2nd St., Wichita, Kansas.
